Nevada City Nugget

VOLUME II, NUMBER 37 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER JULY 30, 1928

NEW MOHAWK IS SOLD LAST WEEK TO SINK SHAFT

New mining operations on a large scale are promised in the famous Nevada Basin district just south of town through the purchase by prominent Washington capitalists of the New Mohawk mining property owned by Ben Bost and the surrounding holdings of Frank Bost and James Teale, amounting to over 100 acres of proven mineral land.

A contract is being let to drive a 200 foot shaft on the New Mohawk vein at once following the dip of the vein. Will Sharp the past winter and spring took out over $6000 from surface workings on the Mohawk vein and his trenching along the vein exposed such favorable showings that the new purchasers are contemplating large time operations as soon as sufficient underground work has been accomplished to warrant milling operations. Mr. Sharp assigned his lease on the New Mohawk to the new owners.

There is a four stamp mill on the property at the present time and a three machine compressor plant is to be installed to facilitate the shaft sinking operations. E. R. Abadie is in charge of preliminary work on the property and expects to push the work ahead with all diligence.

John Sawbridge, president of the Sunshine mine at Coeur D'Alene, Idaho, and associates are interested in the Yakima Mohawk Mining Company which has been formed to handle the local operations. Yakima, Washington people, are interested in the enterprise.

The New Mohawk is in the line of the long talked of four mile drain tunnel to be driven from the Providence property to the Banner section through the Nevada Basin country and open up one of the largest proven gold belts for a concentrated area in the history of the mining industry.

ATTORNEY GENERAL WEBB IS WEDNESDAY VISITOR

U. S. Webb, Attorney General of the State of California, accompanied by his daughter, Miss Hester Webb, Mr. and Mrs. J. J. Martin of San Mateo and Mr. Ralph Marron were Nevada City visitors Wednesday, while on their way to Goodyear Bar on a fishing trip. They made but a brief stop here but the Attorney General took occosion to renew acquaintance with The Nugget family while here.

A. P. RIDGE JOINS THE JEFFORD & SON FIRM

A. P. Ridge who has been associated in the undertaking business with W. R. Jefford for the past fifteen years arrived from Park City, Utah, the past few days and will assume charge of the Nevada City business of Mr. Jefford in a few weeks.

Mr. Ridge is an experienced mortician and an ardent civic worker and his presence in this community will be warmly welcomed as soon as he has formally associated himself with Nevada City's life. He comes highly recommended. Mr Jefford and son, Lionel, will continue in charge of the Grass Valley business purchased last year from the Harris estate and the large equipment will be available for both establishments. The Jeffords last spring purchased and renovated the former Congregational church property on Main street and built it over into an attractive funeral parlors.

Mrs. Ruby Thompson was down from North San Juan to spend the week end.

Joe Lavezzola was a week end visitor from Downieville. Joe was wearing some sort of a mysterious smile about somtheing or other.

Lincoln Bradt, owner of the Aurora placer mine on Deer Creek was up for a few days the past week from Oakland looking over his property, a portion of which has been taken over by the Irrigation District.

Mr. and Mrs. A. C. Larson have been up from Sar Francisco for a few day's visiting relatives.

MORE PROOFS OF LABOR FILED AT COURT HOUSE

More proofs of labor on mining claims are being filed with County Recorder Sam J. Clark and with a large number of mining claim location notices filed indicates the widespread mining activitiy in this secton.

The following proofs have been filed since the last publication in The Nugget:—

California No. 2 et al, and Maybelle placer by T. B. Brady.

Stella et al quartz by Robert L. Mann.

Gold Ridge No. 1 et al placer by D. E. Haydon.

Illinois Bar et al and New Years placer by E. E. O. De Wein.

Liberty et al quartz and Lucky Strike et al Copper by Mrs. John Phelps.

Idaho No. 4 et al and Maryland et al lode by John Mulroy.

Quartz and Asbestos et al by Dozier and Kimball.

Orange et al quartz by M. J. O'Hara.

Monta Oro by Henry Diener.

MINING OPERATIONS ARE ON AT CAMPTONVILLE

CAMPTONVILLE, July 28, (Speci- James Grimes, of Oakland promining man of this section, arrived last week on an inspection visit to The American Flag Mine, near Camptonville, a property which he has under his charge in this section. He has a small crew of men on contract, driving the tunnel ahead. There is a large amount of rock already taken out, and the property is in excellent condition for the taking it over by some large operator.

B. F. McNaught, in charge of operations at the Halkyard Claim reports that everything is going nicely. They have driven the tunnel several hundred feet in search of the main channel, and are very much encouraged over the outlook of the property. They have made extensive improvements on the ground; several buildings have been built besides the mining operations. Quite a crew is at work, and the mine itself is quite a community, resembling a small village, containing a population of around thirty people.

Henry Rabe has made considerable advancement with his claim north of Camptonville. He has a perpendicular shaft forty feet deep, and a tunnel off from this sixty feet. It is in hard quartz, very hard to work, but showing some very good rock, with indications for the making of a real mine. This claim presents rock making a better showing than many of the larger quartz properties in the locality. He already has enough rock out to justify a small mill. Mr. Rabe is working at this by himself, and is to be complimented on the interest he has taken in the development of this section, which as far as quartz is concerned is in its infancy.

J. M. McMahon, Superintendent of Bald Top Mine, reports that they are preparing to do the usual summer necessary before the water season starts. This work includes the building of a larger water system, and in which will be used considerable pipe which the Bald Top is going to take over from the old Brandy City Mine. A number of Los Angeles people are interested in this property, and it is being operated on a very conservative and practical mining basis, and success of the project is looked forward to.

Henry Harrison has gone in with Reno A. Zerga on the operation of his claims on Indian Creek. Zerga has some good looking gravel claims on this old creek. This is a section in which some very rich pay dirt has been found, and not all of it was removed in the earlier days. It takes the skill of a man experieinced in handling such ground, and that is why Harrison took them over. He has mined exclusively all hiss life, in Arizona, and most of the principal gold fields in this state. He came here for Engineer James L. Stewart of Auburn to take care of the Gold Trap, the experimental gold saving device, and while looking after that, he has staked out several claims for himself. He mined considerably at Gold Run, and is much more pleased with this country, saving that the mining possibilities here have been just scratched, and big ground left for anyone who will work to find it.

COOLEY BUTLER INTERESTS PLAN STARTING SOON

The pending visit of Cooley Butler of Los Angeles to his widespread mineral holdings in the Grass Valley and Rough and Ready districts is expected to presage early mining operations. The sinking of the vertical shaft on the Alta Combination holdings west of Grass Valley to a depth of 2000 feet is expected to be an early development as also the unwatering of the Golden Center shaft in preparation for underground work.

The Alta shaft sinking has been held up pending completion of the title to the property which was affected Wednesday. A number of deeds were placed on record the past week by L. S. Wincapaw, local manager for the Butler interests.

ANNIE LAURIE MINE IS OPERATING MILL

The Annie Laurie mine near Colfax is operating with a four stamp mill run by a distillate engine. The mill is handling a ton a day of ore. The property is a tunnel proposition and is in a porphyry formation. It is owned by R. H. Young and he with his son run the mine.

WEBB HOLDS THAT QUO WARRANTO IS VOID

In a decision handed down the past week the action brought by certain landowners to have the inclusion of the Placer county area into the Nevada Irrigation District taken into court, Attorney General U. S. Webb ruled that any proceedings instituted could not be brought in the name of the people as no protests against the inclusion were filed at the time of the action taken to enlarge the boundaries of the irrigation district.

This will not affect the present hearings for exclusion of certain lands petitioned to be excluded from the district, which proceedings are in the hands of the directors of the district for final action. Other points were brought up by the attorney general in which the contentions of the irrigation district were upheld in all but one particular.

HARRIS WILL GIVE FINE FACTORY SALE AUGUST

Marking the 25th year as a Rexall store, the R. E. Harris Department Drug Store of this city will celebrate its Silver Jubilee by giving patrons and friends the advantage of a remarkable "Factory-To-You" Sale during the month of August.

This store is one of a co-operative group of 10,000 Rexall stores, owning and operating their own factories, which produce millions of dollars worth of merchandise of every kind annually.

These sales are made possible only through the enormous buying power and the splendid growth of the Rexall stores as a whole and the local store as an individual. Everyone familiar with the sales given by Mr. Harris in the past will welcome this new sale as a splendid opportunity to save on quality merchandise.

Will Litchenberger, who is in charge of the Brush Creek mine, is recovering from an injured eye. He was breaking one piece of rock with another when a piece flew in his eye making quite painful injury.

Mr. and Mrs. Hubert Shearer arrived Saturday and are spending their vacation here with his parents, Mr. and Mrs. H. Shearer.

The funeral of Mrs. Jessie LaDue was held Monday from the Holmes Funeral Home. She was killed in an auto accident near Granada.

Mr. and Mrs. H. J. Wright have as guests their son and his daughter, Harland, and Miss Ruth Wright.

Mr. John Kuster of San Jose is visiting here with Mr. and Mrs. E. J. Kilroy.

Mrs. M. Grimes and family are entertaining her grandson, Jack Flint, of Oakland.

NEW STRIKE AT TWIN SISTER IS LOOKING FINE

Another showing of exceptionally high grade ore has been opened up the past few days in the No. 2 raise at the famous Twin Sister property at Snow Point. A blast opened up the rich pocket which shows plenty of free gold in the arsenical pyrites. The extent of the pocket will not be fully determined at the present time as the company is making every effort to complete the No. 3, the main working tunnel, at as early a date as possbile.

The big tunnel is now in over 700 feet and making good progress. There is but about 350 feet to go and at the present rate of progress the objective should be reached by early winter. The formation is changing from serpentine to porphyry and the water area has practically been passed which will make for greater speed in driving the bore ahead. Two shifts are being employed.

The No. 2 tunnel is being driven ahead to intercept the rich pay shoot previously encountered in the No. 5 raise. By the time the No. 3 tunnel is completed and the raise holed into the upper workings there will be sufficient ore blocked out to warrant the installation of a stamp mill to replace the present milling equipment.

President Ray O. Foster of the Twin Sister Mining Company, accompanied by J. Lee Smith and G. H. Laviletta, large stockholders in the company, were over from Ukiah to inspect the new strike and were in town Saturday on their way home. They expressed themselves as highly pleased at the progress being made to put the property on a production basis.

FLAG CEREMONIES ARE OBSERVED BY THE ELKS

A beautiful and impressive ceremony was carried out at the regular meeting of Nevada City Elks lodge on Friday night.

Following the regular lodge session presided over by Exalted Ruler T. W. Richards and his corps of officers, the Hon. Harry L. Engelbright Congressman from this district and the Junior Past Exalted Ruler of this lodge, read a beautiful history on the growth of the present Stars and Stripes, tracing it from its earliest inception in the Revolutionary War days down to the present time. He then delivered one of the most impressive eulogies to the flag and its intimate connection with the Benevolent and Protective Order of Elks, that has been delivered in Nevada City and his remarks were listened to with the closest attention.

Grass Valley lodge was well represented and Past Exalted Ruler James C. Tyrrell delivered a eulogy to the memory of the late Frank M. Nilon. Several visiting brethern were called on for remarks and following the close of the lodge session a light collation was served in the club rooms.

UREN TO MAKE MODEL LARGE MINE WORKINGS

Edward C. Uren, one of Nevada City's best loved mining men and engineer of no mean ability, left Friday, to take up a new line of work for the Canadian Mining & Smelting Company, operating the mammoth zinc and lead properties at Kimberley, British Columbia. Mr. Uren will be commissioned to make a large model of all the underground workings of the mining property which is being made for the purpose of studying the orebodies and the most feasible method of working them.

The property is one of the largest lead-zinc mines in the world. W. J. Mead of Madison, Wisconsin, is in charge of the geological studies and he knowing Mr. Uren's natural ability engaged his services to make the model. The mine is developed to a depth of 1000 feet and 13,000 feet along the lode.

Mrs. Uren accompanied Mr. Uren and their home on upper East Broad street is being occupied by Mr. and Mrs. R. E. Harris during their absence.

HOGE DEVELOPMENT CO. SOON WILL BE READY

The Hoge Development Company of which Arthur W. Hoge is president, reports that their preliminary work is proving very satisfactory and that they shall within a short time, make their final decisions on a very comprehensive plan of development.

This company has an ideal proposition, on account of being able to open up their ledges on the surface and of having good values on all of them, at a depth of from only five to fifteen feet from the surface.

The reported rich strike of the Western Merger is only 100 feet or so west of the Hoge properties on one of his ledges and as the Merger strike of high grade was at a depth of 400 feet, it is very evident proof that the values have already been proven to a depth of 400 feet on the Hoge properties, as well as the Western Merger.

As stated in one of our previous articles the whole community are congratulating Mr. Hoge on his successful perserverance. He has not only devoted his time and attention toward the development of a big producer but he has also personally invested a fair sized fortune in backing up his own faith and judgment. Such men are not only deserving of success, but also of the confidence of the entire community.

The publisher of this paper is no prophet, or the son of a prophet, but he is willing to back his judgment that this company of Mr. Hoge's will prove to be one of the biggest and best producers in this famous camp for a long period of time, and we extend to him our congratulations and best wishes.

SAN JUAN WATER SITUATION LOOKS GOOD

Things are looking good for a settlement within the next few days of the water situation on the San Juan Ridge. Both the Pacific Gas & Electric Company and the Wells Fargo Bank of San Francisco which is the trustee for the bondholders of the Irrigation District have expressed themselves as being favorable toward releasing at least 50 miner's inches of water into the North Bloomfield ditch which will nicely accomodate the Rescue Eula and Yellow Tiger mining companies which are planning large operations on the Gaston Ridge as soon as water can be gotten to the properties for operating temporary power plants while development work is under way.

This will mean if consummated the rebuilding ofthe North Bloomfield flume and a partial supply at least for the needs of the San Juan Ridge which has ben the mainspring of the year old fight made by this paper for the protection of the Ridge people.

This paper has information to the effect that General Manager A. L. Wisker of the Irrigation District has been using his best efforts the past week toward a satisfactory settlement of the controversy.

The matter is coming up before the directors of the district today and their favorable action will mean the possibility and probability of large time mining operations this fall and winter on the Gaston Ridge as well as assuring the people of the Ridge that the District is willing to lend its efforts towards seeing them supplied with water.

Mr. and Mrs. E. M. Rector are at home after a short visit around the bay. Mrs. Rector is entertaining Mrs. Robert Starrett of San Francisco.

Mrs. F. F. Cassidy and daughter, Beatrice, returned home early in the week from a vacation at Carmel.

Forest Ranger R. L. P. Bigelow was among those that attended the dedication of the Victory Highway marker on the California Nevada state line.

Will Howlett and John Boreni of Lake City spent Sunday evening here. spent Sunday evening in Nevada

Dan McGonigle was in town from Downieville several days the past week.

Mr. and Mrs. L. W. Meservey of Crockett are here for a visit with relatives.

Mr. and Mrs. P. H. Flynn have as visitors their daughter and child, Mrs. C. F. Wetzel and daughter, of McCloud.

MERGER PICKS FINE SHOOT ORE ON THE 400 LEVEL

In an exclusive article appearing in the Nevada Mining Press of Reno last Friday, a strike of bonanza ere is reported from the Western Merger property. The strike was made in the B vein 200 feet east of the shaft in virgin ground on the 400 level. One round of blasting opened up a ledge four feet wide and ten mine cars of ore for the mill.

The B vein is a footwall shoot of the A vein. An orebody was opened up 40 feet long on the B vein and stoping operations which have been carried 20 feet above the 30 foot level show the shoot continuing strong.

A crosscut is being driven south on the 400 level to cut the Jackson vein. The drift is now in 60 feet with over 400 feet more to go but it is expected that other ledges will be cut in the intervening distance.

The five stamp mill is treating 15 tons a day and is making good extraction through amalgamation and concentration.

LONE STAR LEDGE PICKED UP AT MURCHIE LEASE

The elusive Lone Star ledge that has been sought in the Murchie Lease the past six months was picked up the past few days and shows a three foot ledge with stringers of specimen rock running through it.

The vein faulted some months ago and it was finally picked up in a crosscut to the great joy of Messrs. Davison and Weeks.

The ledge so far as opened up gives every indication of carrying good milling values.

ALPHA PLANS WAITING ON ADJUSTERS REPORTS

The future plans of the Alpha Hardware and Supply Company whose fine store was wiped out by fire early last Saturday week morning, are being held in abeyance until after the insurance adjusters have completed their work and have checked up the loss. Manager F. F. Cassidy stated to The Nugget that nothing could be done until after the adjusters had finished and that any statements made prior to that time would be premature.

The store which was the pride of Nevada City and County for its completeness, size and neatness, will it is hoped, be entirely rebuilt at an early date as it was a modern landmardk in this historic old city. The company has played an important part in the affairs of the community and has always been to the front in all projects designed to put and keep Nevada City on the cap. It carried the largest and most complete stock of heavy mining goods, with but one possible exception, in the northern part of the state and with the increased interest in mining this store will continue to play an important part in making it possible to do large trading in Nevada City.

Temporary offices are being maintained in the former Citizens Bank building and orders are being filled from Grass Valley stock. In its advertising space which it has used every issue since The Nugget started, Mr. Cassidy this issue takes occasion to thank the fire departments of the twin cities for their effective work after the fire was discovered, and to other citizens who did their bit in combatting the flames as well as the other stores who offered their services and stocks to help out.

Two large Pickwick stages carried the Camp Fire Girls to their homes in Oakland Monday. The camp broke up after a most successful season. One hundred or more girls were in the party that left Monday. Mrs. N. P. Searls and Miss Evelyn Kendall have been in charge of the camp.

Mrs. Susie Lewis of Willow Valley has as a visitor her sister, Mrs. Robert Duncan of Concord.

Captain and Mrs. Ben Bost have been entertaining their daughter and husband, Mr. and Mrs. Fred Walmsley of San Francisco.

PERSONAL MENTION

George Kohler of Washington, who recently underwent an operation for appendicitis at the Nevada City Sanitarium, is making a satisfactory recovery.

Mrs. R. G. Steger and son, Robert have returned from the city this week. Robert is fast regaining his strength from a recent illness. Mrs. Steger also cared for her mother, Mrs. Cleve while in San Francisco.

Frank Huston made a short visit in Sacramento returning home this week.

Mrs. Raglan Tuttle and children lef Thursday for a vacation to be spent at Los Angeles.

Mr. and Mrs. J. B. Grenfell of Sacramento visited here with relatives over the week-end.

Miss Alice Shearer has accepted a position with the State Forestry office in Sacramento and left this week to take up her duties.

Mrs. N. Thompson is here visiting her parents, Mr. and Mrs. F. Breese.

District Attorney W. E. Wright and Court Reporter Miles Coughlin were official visitors at Truckee one day last week.

Louie Elkus was a business visitor in San Francisco this week.

Mrs. Mamie Arthur is spending a few weeks visiting in the bay region.

Mr. and Mrs. J. B. Young have as visitors their daughter and family, Mr. and Mrs. E. E. Fallon and children of Long Beach.

D. E. Blakley is home after an absence of some time.

Mr. and Mrs. W. J. Treglown are entertaining Mr. and Mrs. A. Cowan and Miss Dorothy Alstrom all of San Francisco.

Frank Murphy of Montezuma Hill was a business visitor here Wednesday.

Mrs. J. K. Davis and Mrs. Jewel Adams are at home after a visit in Reno and Carson City.

Mr. and Mrs. Darrell Coughlan and children have returned to their home in Alameda after a visit here with his parents, Mr. and Mrs. W. S. Coughlan.

Mr. and Mrs. E. Durbin of Sacramento visited relatives here Sunday.

Mr. and Mrs. Hans Jepson are at Wilbur Spring for a short vacation.

Mrs. C. J. Brand and daughter, Miss Mninie, were in Sacramento visiting the family of Mr. R. W. Gaylord.

Mr. and Mrs. Frank Guenther are entertaining Mrs. C. M. Davis of San Francisco and Mrs. L. C. Kaarsburg of Vallejo.

Mr. and Mrs. Richard Goyne left Saturday to spend a vacation in San Francisco.

Miss Florence Meservey of San Francisco is here visiting her parents, Mr. and Mrs. W. E. Meservey.

Mr. and Mrs. Arthur Renfree, former residents, visited relatives and friends here Sunday. Misses Nadine and Earline Sutton, who visited relatives in Oakland, accompanied them to their home here.

Mr. and Mrs. A. M. Holmes entertained a number of friends at dinner and cards one evening this week. Those present had a most enjoyable time.

Mr. and Mrs. John W. Darke are in San Francisco where they have been spending a few days. Their guests Mrs. A. M. Clark and Mr. and Mrs. L. Chandler accompanied them.

Mr. and Mrs. R. C. Locke and daughter of Rihmond are here visiting old time friends. They expect to spend some time at Forest with relatives.

CASSIDY LAUDS MINING AS A GREAT INDUSTRY

The crying need of the mining industry, the same as it is the crying need of all other industries where the development of natural resources are concerned or where production from the soil is concerned, is sound legislation according to Burt A. Cassidy of Auburn, candidate for State Senator from the 3rd District.

If many of the useless laws which have been placed upon our statute books could be replaced with legislation that would aid and assist in the development of our country, our state would enter upon a real period of prosperity and activity.

"California the Golden State", says Cassidy. "Throughout the civilized world, the word California is synonomous with gold. In all lands, in all climes and in all languages there is a correlation between the two that gives us an eminent place in the empire of the west which has been builded in the United States. With the center of population in this country gradually shifting westward, and with the future centers of the world bordering along the Pacific ocean it will be a dream of the not far distant future when California will be the great empire of the Pacific which had a population offive to fic."

In the first place, what was it that started this golden state upon its career of activity and usefulness. The discovery of Gold at Coloma. With this discovery a spark was kindled into a flame that ran around the world and made us the center of attraction for all time. After the discovery of gold, for a great many years, the principal industry of the state was mining. When the gravel mines and the top ground had all been worked out, there was a general relaxation in the activity and as a result only a few deep mines were left in operation. Mining camps that were flourishing centers of population, soon became ghost cities. Today there are many towns in El Dorado, Placer, Nevada, Sierra and Plumas counties which had a population of five to ten thousand inhabitants, that today have nothing but a few delapidated houses to mark the spot of the once thriving community.

For the past ten years, our state and particularly the counties mentioned above have been at the ebb tide in the mining industry. We are now coming into a cycle when there will be a revival of the once famous mining camps and the time will not be far distant when these ghost cities will again be booming with activity. There are many factors that will contribute largely to this result. In the first place, the gold which has been lying in the vaults of banks in the United States, since the great war, is gradually seeping back to the foreign countries. Then in the various crafts, gold is being used much more rapidly than it is being mined. There is only one inevitable result. That is self evident. The old law of supply and demand comes into play and we shall find that there will be a mad scramble for gold in the very near future.

We have enacted much humanitarian legislation that has greatly added to the comforts of our present civilization. There is still much work ahead. The development of the mining industry would mean a like development of all other industries in this section. Therefore the various branches of the farming industry ned feel no hesitation in getting behind matters that appertain to the development of some other portion of their country or district. As we peer into the immediate future, we can see a great revival of activity in the mining industry. It is our destiny.

There's no corner loafer so insignificant these days but he has the "inside dope" on who is going to be elected president.

Speaking of clothes, isn't it true or it is? Men wear them to cover themselves for defense and the woman wears them for the purpose of attack.

They say that "it's the little things that tell,," and we must admit that the truthfulness of the axiom finds frequent verification. For instance, it is alleged that in a certain town, not aver a thousand miles from here, the little daughter of a prominent citizen was asked by her Sunday school teacher who it was that turned water into wine. "I know, teacher it was daddy." All of which proves that the older we get the more cautious we should be.

Reading that $17,000,000 was paid out in alimony and divorce cases last year, the Observer remarks he has always argued that slapping your wife in the face doesn't pay.

PERSONAL MENTION

Mr. Sam McCullough and Mr. and Mrs. Rollins motored to the county seat Monday from North San Juan to attend to business affairs.

Charley Alford is spending his vacation with the Boy Scouts at their camp in the high mountains.

Mrs. C. H. King has returned to her home in San Francisco after a visit here with her parents, Mr. and Mrs. W. S. Coughlan.

Mr. and Mrs. J. C. Himes of San Francisco came here for the benefit of Mr. Himes health. She is a former resident and was Miss Irene Steffen.

Misses Kate Shearer and Evelyn O'Connor are spending their vacation in Los Angeles.

Mr.and Mrs. Develey of Alleghany attended to business matters here Friday.

Mr. and Mrs. George Reeks of Anaheim are here visiting old time friends.

Mr. and Mrs. Frank Pierce have as a guest Miss Dorothy Jones of San Francisco.

Russell Quick of Elko, Nevada, is here visiting his uncle, H. A. Curnow and family.

ARREST IS MADE ON ALLEGED SALE OF MINING HOIST

Charles Dow, mining promoter, has been arrested in New York, charged with grand theft according an article in the San Francisco Examiner the past week. He with Louis Ball, secretary of the Western Consolidated, was indicted by the federal grand jury in San Francisco, it is understood, for the alleged sale of a mine hoist from the Norambague property to a San Francisco firm for the sum of $1250. An attache of the federal marshal's office is headed for New York to bring Dow to the coast. Sheriff George Carter was expecting to have the pleasure of a trip to New York to serve the warrant and may yet do so if extradition proceedings are necessary.

The ambitious plan of the Western Mines Consolidated to open the four mile Providence drain tunnel into the Nevada Basin district recently received a setback when the Archibald and Banner Mines interests foreclosed on a $55,000 mortgage given by Dow on the Banner Hill, Central Consolidated and Norambague properties.

FACTORY TO YOU SALE

During the entire month of August we are going to hold one of the most remarkable sales in our history. Only by working in conjunction with 10,000 other Rexall stores are we able to give our customers such Money Saving Values as you will find here.

Watch the papers. Visit our store and see the goods. Every item new and guaranteed. Many things you will need and want.

No limit to quantities you may buy. SALE STARTS AUGUST 1st.

ENGELBRIGHT LAUDATORY HOOVER'S CHANCES IN SECOND DISTRICT

William H. Jordan, brilliant political writer on the San Francisco Examiner, has the following to say about Congressman Englebright's views on Herbert Hoover's chances:

"Herbert Hoover will sweep the Second Congressional district of California by a large majority," was the declaration by Congressman Harry Englebright of Nevada City.

This statement was made at the Republican State Central Committee headquarters at the Palace Hotel. It was also one of similar reports which came in during the day bearing upon other sections of the State in the North.

"Hoover came into the Nevada county mines right out of college, and began at the job of hard work in the Mayflower and Mountaineer mines," Congressman Englebright said.

"Many of the old timers in the mining region remember him in that job and are for him 100 per cent.

"One of the gang will be President of the United States," is the way I have heard it expressed among the miners all through that country. They are proud of their association with Hoover. They remember how he got down into the underground reaches of the shafts and drifts and there labored for $2.50 a day pushing a car, as mucker,' in the miner's parlance. It was there the old miners recall, that Hoover got his initiation, after his long grind at college."

Congressman Englebright said that Hoover was rated as "one of them" all through the district and through which runs the backbone of the mining industry of the State.

"I have no hesitancy in saying without reservation that the mining industry will support Hoover to the finish," added Congressman Englebright, "and that my own district, as I have stated to the Republican committee, will roll up a splendid vote for him, in tribute to his own career, starting as it did down in our own mines of California."

Hoover will win this vote regardless of partisan affiliations, was the Congressman' opinion. This, he further emphasized was due to the part that the Presidential nominee had taken in his own profession, and further to the sentiment which attaches from the days that saw Hoover "laboring like a ditch digger" to get his start in life.

"Those old timers up there in the mines are sentimental," said Congressman Englebright. "They have long memories and they are remniscent. They like to talk and to think of the years gone by, and of the great things that were accomplished in their own environment.

"I have heard many stories from the miners that knew him, of Hoover's experiences in his days at Nevada City and these have been related with a heart touch by the old timers.

"Hence they take a great pride in those intimacies which have been revived by Herbert Hoover's nomination for President, and by the fact that he is coming home to the scene of his early struggles."

All through the second District runs the romance and the glamour of early California, with its wonder book of golden discoveries and pioneer struggles. Up there, too, is the old Bret Harte country and Coloma, where Marshall found the first flakes and nuggets which stirred a world to action.

Calaveras, Tuclumne, Mariposa, Amador, Placer, Modoc, Siskiyou, and Shasta, these are on the roll with one valley county, Tehama, that comprise the Second District and mining still plays a large part in the life of this section of California.

Congressman Englebright himself serving his first term in Congress, finds no opposition to his re-election, either within his own party or the Democratic.

Nearly 6,000,000 licenses were issued to hunters last year, which may explain why many people stay indoors durng the huntng season.

The politicians may have come out for the enforcement of all laws, but not many bootleggers are yet reported to have taken to hoeing corn in California.

It is remarkable that peole don't get as mad as formerly about politics, but if they would get a little madder, they might get out and vote.

The people who pay taxes and forget to vote, are somewhat like the man who buys a bill of goods and then fails to take them home and make use of them.

Most people are very familiar with the wonders of America, except those of their own state.

Family Reunion Enjoyed At E. B. Dudley Home

NORTH BLOOMFIELD, July 28, (Special to The Nugget)— An enjoyable reunion was recently held at the E. B. Dudley home here which was the first one held in fifteen years, and was participated in by the various members of the family. Those present were Mrs. John H. Quick and two sons of Los Angeles, Mr. and Mrs. John Herboth of Marysville, Mr. and Mrs. E. J. Angove and family, Mr. and Mrs. H. A. Curnow and family, and Mrs. A. Berryman, all of Nevada City and Mr. and Mrs. Phil Curnow of North Columbia.

A bountiful repast was served and a most enjoyable day was spent.

The attorney general has ruled that football is not a "study" so there will be no reason for a lot of boys to return to school next fall.

An author "typewrites" his way out of jail. If most writers said what they thought they'd typewrite their way into jail.

New Yory City newspapers have done every thing posible to boost Al except claiming that he is one of the original Smith Brothers.

The wisest delegate is the one who can soonest detect which of the vehicles in the parade is the real bandwagon.

Everyone seems to agree to peaceful settlement of international disputes, provided the rest of the nations do precisely what we tell them to.

Boys continue to be boys. A Californian 104 years old has just been fined for speeding.

SULZER ACCLAIMS MINING AS WORLD'S GREATEST INDUSTRY IN HISTORY

Contributed to Southwest Mining News Service by William Sulzer, former governor of New York, one of the best and ablest friends of the Mining Industry.

By William Sulzer.

Political economics tell us that Mining next to agriculture, is the greatest industry in our country. This is true from the viewpoint that if our soil were untilled there would be little to eat, and famine would stalk the land.

From a financial, or monetary standpoint, however, to say nothing about relativity,—and every commodity is relative to the product of the mines—the mining industry is the greatest in the world. The truth of this assertion becomes apparent when it is visualized that mining gives us the standard of value, by which the price of almost everything produced by the brain and brawn of man is measured.. Abandon mining and the value of every commodity would be insignificant, humanity would sink back to the barter and exchange age, and financial apralysis would lock in its deadly grasp the industries of mankind. It would be the greatest calamity that ever befell the human race, and in less than a generation civilization would revert to barbarism, when primitive man knew nothing about copper, gold silver, iron, steel, lead, zinc, and the invaluable mineral resources of Mother Earth.

Those who decry mining are ignorant of history, or they have ulterior purposes to serve. If they know anything they must know that all business; that all industry; that all human progress depends on the mines.

The wealth from the mines from the dawn of time is the epic of the song and story of human advancement, of man's march along the paths of progress.

Show me a people without mines, and I will show you a people in the mire of poverty, and a thousand years behind the procession of civilization.

It was the mines that made the greatness of the past; that made the ancient civilizations; that made Egypt great; and made Greece great; and made Rome great; and in modern times the mines have made Spain, and England, and the United States great beyond the dreams of avarice.

Mining is essential to the advancement of mankind, and to the progress of civilization. Mining has made more poor men millionaires, in the decades of the ages, than all other things put together.

The government statistics show there has been less money lost in mining than any other important business in our country. These records prove that in mining the failures have been less than 35 per cent as against more than 87 per cent of failures in other industries, throughout the United States, during the past fifty years.

More real profit has been made by investments in mining securities during the past century than from any other American industry.

The mines have offered the rank and file of investors an opportunity to acquire stock at ridiculously low prices, many of which subsequently appreciate in value well above the one hundred dollar mark.

Investment statistics show that profit to investors from mines is about 186 per cent—more than six times the percentage of any other industry in the country. Next to mining comes:

Life Insurance..... ....31 per cent
....Automobiles .....18 per cent
Steel .....8 per cent
Railroads .....5½ per cent

Bradstreet's compilation of business successes shows the following:

Merchandising .....9 per cent
Manufacturing .....13 per cent
Farming ..... 17 per cent
MINING..... .....67 per cent

Wipe out the mines and the people ere long would again be living in caves and mud shacks along the banks of streams, like the river drift men in the dawn of mankind.

Strike down the miner; shackle mining; throttle the mining industry; and civilization will sink back into oblivion ten thousand years.

The greatest benefactor of the human race has been the prospector. The most beneficent of all times are the far-seeing men whose barin and brawn developed the earth's natural resources, the men who poured the golden stream of wealth into the lap of civilization; into the channels of trade; into the avenues of commerce and into the house of happiness.

All honor to these Miners! Long live the Mining Industry!! All hail the Prospector!!! In every land on which the sun shines a monument should be built to the Prospector for all that he has done in every clime to bless humanity.

LEGAL NOTICE

SUMMONS
No. 5633

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

THE COSUMNES CO., a corporation, Plaintiff,

vs

DANA B. GETCHELL, JOHN RICHARDS, HANNAH RICHARDS, W. C. JEFFERY, E. M. JEFFERY, and also all other persons unknown claiming any right, title, estate, lien or interest described in this complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the Clerk of said County of Nevada, in which said action the Cosumnes Co., a corporation, is the plaintiff and the persons hereinafter named as defendants, are dfendants.

FORD E. GROVE,
Attorney for Plaintiff.

The People of the State of California send greetings to Dana B. Getchell, John Richards, Hannah Richards, W. C. Jeffery, E. M. Jeffery, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in this summons, adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto. Defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten days after service on you of this summons, if served within this County, or in thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, that said plaintiff will take judgment for any money or damages in the complaint arising upon contract or it will apply to the Court for any other relief demanded in the complaint.

The following is a statement of the object of the action:

The object of the action is to determine all and every claim, estate, lien or interest in the property herein described; that the plaintiff is now and has been by itself and its predecessors in interest, the owner of and in the actual exclusive and adverse possession of the property hereinafter described continuously for the period of more than twenty years immediately preceding the filing of the complaint in this action, claiming to own the same in fee against the whole world, and that plaintiff has paid all taxes of every kind and nature whatever levied or assessed against said real property during the period of five years continuously immediately preceding the filing of the complaint aforesaid; that the claim or claims of said defendants is without, right, title, or interest in said real property or any part or portion thereof;

The land and premises affected by this action are situate in Uevada County, California, and particularly described as follows:

All that certain real property, situate, lying and being in the City of Nevada, County of Nevada, State of Calfifornia, and particularly described as follows, to-wit:

All those portions of Lots Four (4), Five (5) and Six (6), in Block Fifty three (53) of the City of Nevada, as said lots and Block are designated upon the official map of the City of Nevada made by H. S. Bradley in the year 1869, and particularly described as follows:

Commencing at a point which bears North 38° 27' East 36.74 feet from the Northeast corner of Lot 3 and also bears South 0° 16' East 61.09 feet from a steel drill at the corner of Valley Street and the lower Grass Valley Road; thence along the South side of the Lower Grass Valley road North 50° 37' East 14.93 feet; thence North 58° 19' East 16.08 feet; thence North 68° 12' East 8.60 feet; thence North 78° 25' East 109.89 feet; thence North 87° 53' East 24.93 feet to the North East corner of said lot, which point bears South 45° 34' West 715.92 feet from the corner where the Lower Grass Valley Road and Sacramento Street intersect; Thence along the East side of said lot South 22° 14' East 263.98 feet to the Southeast corner of said lot; thence South 81° 38' West 98.43 feet; thence North 38° 03' West 272.73 feet to the Northwest corner of said lot, the place of beginning.

Given under my hand and the Seal of the Superior Court of the County of Nevada, State of California, this 4th day of June, 1928.

GEORGE COUGHLAN,
Clerk.

PERSONAL MENTION

Miss Evelyn Kendall, who is connected with the Camp Fire Girls at Camp Celio, has as a guest her father, James Kendall of Oakland. He came up last Wednesday.

Mr. M. T. Andrew and daughter, Mrs. Phoebe Hathaway, are entertaining Mr. and Mrs. A. E. Grizaldi of Reno, Nevada. Mrs. Grizaldi is a daughter to the former and sister of the latter lady.

John Campbell, a pioneer resident of this county and Yuba and Sierra counties, passed away at the county hospital Tuesday. He was past seventy years of age. He had many friends over these counties who will mourn his passing. He leaves a sister, Mrs. W. P. Miller, of this city.

Subscribe for The Nugget.

Mr. and Mrs. G. J. Rector have as a guest their son, Jack, who is a student at the Woodland Clinic.

H. Ivan Dow went to the city Tuesday to attend to mining affairs.

Mr. and Mrs. J. F. Strantz of Oakland arrived Saturday to spend the week end visiting their daughter, Mrs. C. B. Townsend.

County Surveyor J. R. Mack of Marysville accompanied by his son were in town Monday on official business.

B. F. McNaught motored to Nevada City Monday on a short business visit.

William Paynter of Grass Valley was in town Monday on a brief visit.

It takes a lot of people to make an auto, but earning the money to make the payments on it is left just to one man.

FAMILY REUNION ENJOYED AT E. J PRICE HOME

CAMPTONVILLE, July 28, (Special to The Nugget)— A fine reunion dinner was served on Sunday at the E. J. Price home with a number of local and visiting people present. Mrs. M. A. Ramm was the chefess in charge of the cuisine and her artistic efforts were much appreciated. The following were present for the occasion: Mr. and Mrs. S. F. Price, Miss Elsie Price, Mr. and Mrs. Peter Peterson, Mr. and Mrs. Robert Phillips and son, Winsmore Chapman, Ben Williams, Mrs. Jennie Kendall, Fred C. Kendall, Miss Valeria O'Connor.

Narrow escape from serious injuries was had by Charles L. Wilson, Francis Bortsch and Frank Klenzendorf Sunday night when the Klenzendorf car went off the grade near town on the county road. They had been to town and were returning home when the accident occurred on a sharp turn, the wheels skidding in loose gravel. The car went over the grade and turned upside down, pinning the occupants beneath. They crawled out almost unhurt.

Bert L. Meek of Oroville, state director of public works, was an honored guest at The Forest Wednesday afternoon while on his way out from the marker dedication ceremonies near Truckee. He had a fine visit with W. B. Meek, who regaled him and his associates with many tales of the early days. The party was presented with a box of fine Camptonville apples.

The young son of Mr. and Mrs. Eugene H. Hays was nearly bitten by a rattlesnake while at play Wednesday morning in the woodshed. His mother hearing some warwhoops rushed to the spot and a large rattler about to strike. Frank W. Meggers was summoned and dispatched the reptile. Len Bishop killed a large one while going to Schmidts sawmill Sunday and the Joubert children killed one Tuesday evening while on their way to Downieville.

Forest Supervisor Richard L. P. Bigelow of Nevada City was in town Wednesday.

Mrs. George Clemo and son of Nevada City arrived Wednesday as the guests of the Groves family.

James Grimes, mining man of this section arrived Wednesday from Nevada City and went to the American Flag Mine, one of his properties.

Miss Valeria O'Connor of Downieville who has been the guest of Miss Elsie A. Price left Tuesday for her home.

R. J. Bennetts, W. B. Celio and R. E. Harris of Nevada City were in town Wednesday on a short visit.

Mrs. Sadie A. Joubert accompanied by Jason and Bernice Gray all of Oakland arrived Monday on a short visit with the Joubert family at Oak Valley.

Henry Casci made a short business visit to Coupes Mill Wednesday.

Miss Elsie A. Price has acquired a new German police dog, and is quite proud of her new pet.

Ben T. Williams, former resident, of San Francisco, who has been visiting his old home here left Tuesday for his home at the bay.

The following were registered at the Hotel Francis during the few days: Mr. and Mrs. E. Boly, LaVerne, Ben T. Williams, San Francisco; Mr. and Mrs. E. L. Budd, Donna Budd, Mona Budd, Agnes Conlin, Oakland; Bradstreet Miller and wife of Los Angeles; Rev. E. J. Davies, Grass Valley; Guy C. Miller, Palo Alto; Ben F. Ballard, Santa Rosa.

Mr. and Mrs. Robert Phillips and son left Tuesday for their home at Modesto after spending a week visiting Mr. Phillips sister, Mrs. Peter Peterson.

Reno A. Zerga has moved to Schmidts Mill where he is employed as night watchman.

Rev. Davies held a second church service at the Masonic Hall Monday evening for the people of this community.

NORTH SAN JUAN JOTS

NORTH SAN JUAN, July28, (Special to The Nugget)— Mr. and Mrs. Bert Keeler of Oakland visited friends here Friday.

Mr. and Mrs. Henry Huckins were county seat visitors Friday.

Mrs. Chas. Lane and daughter, Mrs. Bruce Mahoney of Coalingo were here looking after some property interests Friday and Saturday.

Mrs. K. J. Fogarty and son, Raymond, visited at Grass Valley Friday.

Mrs. Clifford Yates of Colusa and granddaughter, Isabelle Smith of Red Wood City visited here a few hours Friday.

Bill Kael and Lawrence Duhl of San Francisco visited here Saturday They were accompanied by Misses June Duhl and Ruby Landis.

Mr. and Mrs. Leslie Cregg and Mr. and Mrs. Paul Danny and daughters, Rose and Beatrice, of Sacramento visited here Saturday.

Edward Fuller and Miss Mary Gillispy of San Mateo were visiting here Saturday.

J. P. Hammond and L. C. Mills of Grants Pass, Oregon, were business visitors here Saturday later going up to Downieville for a few weeks.

Mrs. I. W. Musfield and son, Homer, were visitors at the county seat Saturday. They were accompanied by George Cook.

Ruby J. Thompson went up to Camptonville to visit her sister, Mrs. Acton Cleveland one day this week. Miss Lucille Fogarty accompanied her to visit friends in Camptonville.

Mrs. W. F. Corbett and sons, Marley, Bill and Bob, returned to their home in Oakland after a brief visit with her parents, Prof. and Mrs. J. R. Davis.

Mr. and Mrs. Chas. Ninnis and Mrs. H. Paine of Nevada City visited friends here this week.

Judge and Mrs. E. W. Engs and son, William, of Downieville paid us a pleasant visit one day this week.

J. B. Kerfoot passed thru town one day this week enroute to his home above Downieville.

Evan Thomas was in town Wednesday for a few hours, later returning to his home in Downieville.

Mr. and Mrs. Frank Wood and son, Carl, of Sweetland and Mrs. Kate Wood of San Francisco visited relatives and friends here one day this week.

Mrs. Claude Thompson and son, Harry, of Camptonville and Nafe Thompson of Sweetland visited relatives here Sunday.

Clark Brown of Downieville passed thru town enroute to his home one evening this week.

Miss Lillian Baskette of the capitol city visited friends here this week. She was accompanied by Misses Pauline and Verda Long of Loomis and Mrs. Roland York of Roseville.

Chester Hanson and Henry Corria of Camptonville were in town one day this week on business.

Miss Elaine Phelan and sisters, Carmel and Claire, and Chas. Moody of Tyler and Lawrence Calanan, Carl Heronimus and Billie Rector of the Ray Ranch and Herbert Costa of Nevada City visited friends one evening during the week.

Ernest Collins and Ed Clymo of Sweetland were in town this week.

Mr. and Mrs. M. Emery and son, Russel, went to Nevada this week on a business trip.

Mike Denike and Miss Dorothy Bradbury went to the county seat one day during the week.

Mrs. F. Boobin and daughter, Loretta, of Alleghany visited here this week enroute to their home.

Mr. and Mrs. Carl Johnson and Mr. and Mrs. Henry and sons, of Alleghany were in town.

Sam McCullough was a county seat visitor early in the week.

Mrs. Clarence Lawson and Miss Marjorie Vale of Oakland returned to their homes after a two week's visit here on a camping trip.

BITS OF HUMOR

The trouble caused by too much money is not as bad as that caused by too little.

"The flood situation wouldn't be so bad," declares the Observer, "if the politicians would all dry up."

Any married man can have a good time if he doesn't mind having a bad time with his wife afterward.

The young man who puts too much faith in his family tree often finds himself without a limb to stand on.

You can usually tell by the honeyed words one woman uses in talking to another just how catty she is behind her back.

The Observer remarks that the reason modern kitchens are smaller than those in old time houses is because it doesn't require so much room to open a can.

OUR APPRECIATION

It is with a sense of deep appreciation that we desire to publicly thank our local fire department, the Grass Valley fire department and all others who worked so valiantly in subduing the flames at our recent fire. The headway reached by the blaze before being discovered made it impossible to save anything on the main floor but the basement and its contents are in remarkably good shape considering the intense heat and the thousands of gallons of water required to subdue it. The fact that the fire was confined to our building is another evidence of the good work done. Reports are still reaching us of individual acts and efforts in our behalf and we hope to thank those concerned personally.

Our sincere thanks are also due our competitors who so kindly placed their stocks at our disposal and offered to assist us in other ways, and to many others who have helped us by their encouraging words and offers.

CALIFORNIA STATE FAIR PROMISES MUCH INTEREST

When the curtain rises on the 1928 California State Fair September 1st, the exposition will represent the most active year of preparations ever carried out by the California State Agricultural Society.

The board of directors of society carry out one of California's largest enterprises, an exposition which displays millions of dollars worth of the world's finest specimens of minerals, livestock, dairy products, horticultural and agricultural products, poultry, farm machinery and racing and show horses, drawing an attendance of more than a quarter of a million people, representing every state in the Union and every civilized country.

Following the 1927 State Fair, R. A. Condee, president of the board made a tour of state fairs in the East and Middle West, making a detailed inspection of these expositions and gathering ideas for the improvement of California's State Fair. His report to Governor C. C. Young shows that the California State Fair compares favorably with the largest of those visited and in many respects excells them all.

Throughout the year the board has held many meetings, carrying out improvements. Included in the general program of expansion is the construction of the new $100,000 machinery building, one of the largest and finest structures of its kind, in which will be housed the exhibits of farm machinery, tractors, farm implements, pumps, irrigation equipment, etc.

ED GAYLORD HAS SENTIMENT FOR MINING

E. C. Gaylord, who is a leading candidate for the honor of representing Nevada and Placer counties in the state assembly, is well known in this county as well as Placer where he has spent the past forty one years. Ed is known in legislative halls as he formerly represented this district in the assembly.

During the many years he has lived in Placer county he has followed the mining game particularly and served his apprenticeship as a hand driller. He operated a dredger on the American river under the name of the Gaylord Mining Company and for a number of years had a gravel property near Auburn. The past year he has been operating in upper Nevada county at Snow Point. With Judge J. B. Landis of Auburn he is interested in large mining properties near Lincoln.

Mr. Gaylord can safely be counted on to be sympathetic to the needs of the mining industry in particular and will boost legilation that will tend to stimulate mining in every legitimate way, an industry which has been struggling for some years to get on its feet again. The mining industry needs representatives in legislative halls who are keenly alive to its pressing needs and who can secure definite results.

Being a miner himself, Mr. Gaylord is naturally fitted to handle all matters affecting the industry. He has been a hard rock miner and following with managerial duties has given him a good insight into both sides of the industry.

Mr. Gaylord is not a novice in legislative matters, as he served in the 39th assembly, being a member of the election laws committee with Governor C. C. Young who was an assemblyman during that session. He was chairman of the contested elections committee. The 1911 session saw much legislation effected that has played a vital part in the state's affairs, one of the measures passed being that of workmen's compensation which has meant so much to the workingman. Another was changing the election of the United States Senators from the legislative to the primary system. Another was the road improvement act which made it possible to construct the road from Meyers to McKinney's around Lake Tahoe, which had been pending in the legislature for twenty years previous.

One of the matters Mr. Gaylord is interested in is seeing a highway built between Nevada City and Colfax to state highway standard, and which with the Ukiah Tahoe state highway outlet to Emigrant Gap would give two fine routes from this section to the Victory Highway.

Ed is making a personal canvass of the territory and will call on as many voters as possible in the next few weeks. His campaign is assuming regular proportions as the people find there is an excellent opportunity to secure representation particularly interested in the mining industry.

—(Reprinted from July 2nd issue.)

BROWNING HAS WRECK TRUCK WENT OFF GRADE

FRENCH CORRAL, July 28, (Special to The Nugget)— Gee! but the hot weather takes all the pep out of us!

Don't know if we can awaken enough energy to write up doings. However, will try, for we must not let French Corral be forgotten.

Harry Bdowning accompanied his uncle, Fred Browning, on a visit to Folsom, last Friday.

M. Denike was a visitor Saturday.

Mr. and Mrs. Browningf o Nevada City were visitors Saturday night and Harry Browning home.

Rev. Father O'Rielly of Nevada City held services in the Cathblic church at Birchville Sunday. He visited friends in French Corral Sunday afternoon.

Lloyd Penrose of Nevada City accompanied Father O'Rielly on his trip to Birchville.

Mr. and Mrs. Roy McNamara of Tyler visited her brother, J. W. Culver, Sunday and Monday.

A. Browning and son, Willie, of French Corral made a trip to Downieville Sunday to deliver some hogs to the butcher at that place. On his return trip when about ten miles this side of Downieville he met with a serious accident. The knuckle on the steering rod broke and his truck plunged down the grade. Realizing the trouble he told Willie to jump, and tried to get out himself, but could not make it. Luckily the truck did not overturn, but kept straight on its course until it run up against some oak trees about 150 feet down the grade. It is a complete wreck. Mr. Browning was badly hurt about the chest and side and lungs. It will be sometime before he can take a long breath, with comfort and it will be some time before he is able to do anything.

One sad thing about the accident. (We say "sad" because it is hard to think that anyone could be so inhuman), is this— A car with a man and woman occupants was coming right behind Mr. Browning, and behind this car a truck. The car went right by and never stopped to see if they could render any assistance. The truck went right to Mr. Browning's aid, and brought him and his little boy to San Juan and from there a friend brought them home. Mr. Browning was taken immediately to Dr. Werner of Nevada City, who took an Xray. While no bones are broken, ligaments are strained and he is very badly hurt .

Mrs. W. P. Sawyer and daughter, Miss Dorothy, in company with her sisters, Mrs. E. Fox of Santa Cruz, and Mrs. J. M. Hyde of Hollywood, and Mrs. McCall of Nevada City, visited friends in French Corral Wednesday evening.

M. Lyon, agent for Pacific Rural Press, was a caller Thursday. The Pacific Rural Press has established a Service Bureau for the protection of its patrons.

You can make the average man believe a lot of things, but you can't make him believe a rich man has as many worries as a poor man.

Automobile drivers are urged to do some thinking, and they usually do so after an accident.

Along came the republican convention and Coolidge did choose to—go fishing in Wisconsin.

An excellent time to kill two birds with one stone would be during a saxophone duet.—Exchange.

The people who vote for incompeten officials are very indignant about all the crime and crookedness which these officials fail to stop.

NEWSPAPER DIRECTORY BOOSTS NEVADA COUNTY

The new country newspaper directory of the United States issued by the American Press Association of New York has just been issued and a copy is in file lat this office. A complete directory of every weekly, semi-weekly and tri-weekly newspaper in the country is listed together with its circulation, rates and other information. Nevada County is shown as having 10,850 population, bank deposits of $4,754,130, and average bank deposits per capita of $438.16.

The Nugget is given prominent space as a desirable advertising medium for the large foreign advertisers due to its location and well spread circulation over its natural trade territory. As the advertising patronage grows, more pages will be added to the paper which will tend to increase its usefulness to the home community it serves. Local advertisers can well take note of the fact that The Nugget is being advertised over the country as a desirable medium.

Have you heard of the aromatic golf ball that can be smelt out when it gets lost in the rough? Where are they going to keep them when not in play?

President Coolidge seems to be catching a good many trout, and he probably catches them the same way he did the voters, by keeping still.

The ports are asking why it is that presidential years must come along, and divert the attention of the American people from the baseball season?

About now several millions of peolpe arise who claim to have known the presidential candidates when they were boy.

No wonder there is so much flatfoot nowadays, when the only exercise many feet get is stepping on the gas.

Many of us are ready to credit the big stories told by the fishermen when they send us some fish.

Speaking of thoroughness in workmanship a firm of cleaners near by found five dollars in a man's trouser's pockets after his wife had gone through them.

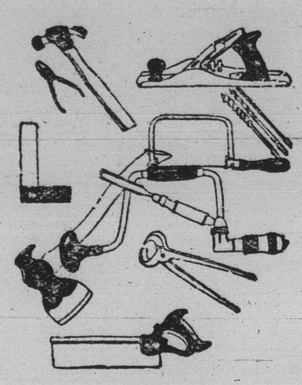
YUBA PASS MOTORCADE WAS ROYALLY FETED

The people of Sierra Cty proved themselves to be royal entertainers on Wednesday when they prepared and served a wonderful trout luncheon in a nearby grove for a number of state officials and visitors returning from the Victory Marker celebration at the state line the day before. The size of the visiting list at both the luncheon and the Bret Harte dinner in the evening was disappointingly small but there was no lack of enthusiasm shown.

The Nevada City Chamber of Commerce showed its hospitality by dispensing cooling drinks at Uncle Toms Cabin in the afternoon to the tired and dusty travelers, which were greatly appreciated.

George C. Mansfield, publicity director for the state department of public works, in the evening stated that the department had the completion of the Ukiah Tahoe and the Yuba Pass Highways in mind for early completion. C. C. Cottrell of the statte automobile association was a speaker and dewlt on the possibilities of the two great cross state routes.

Supervisor T. E. Cochrane of Kings county and president of the State Supervisors Association was a speaker as also J. C. Durham, E. N. Walker and W. M. David of Reno and R. L. P. Bigelow, moving factor of the Yuba Pass idea.



YOUR WORKING TOOLS

SIXTEEN TO ONE IS PAINTING ITS COTTAGES

ALLEGHANY, July 28, (Special to The Nugget)— Mr. and Mrs. Kingsland and baby, Mrs. Reed and baby and Mr. Lynn drove to Sacramento for the day.

Mr. and Mrs. Tom Bradbury accompanied by their daughter, Mrs. L. L. Myers, drove to Oakland. Mrs. has been visiting in Alleghany. Mr. and Mrs. Bradbury will visit in Oakland.

Mr. and Mrs. Carl Johnson are spending a two week's vacation in San Francisco.

Mr. Al Turner has left Alleghany His health has been poor for some time and is hoping the lower altitude will benefit him. He was accompanied by his two nephews, Charles and James Shaw, who were spending their vacation with him.

Mr. Grace has gone to Martinez on a business trip.

Mrs. Minna Bradbury and son, James, have gone to Hammonton where they will join her son, Leonard, and family and all will take a two week's vacation driving to Portland where they will visit relatives.

Mr. Lynn and son have the contract to paint the Sixteen to One cottages. The new coat of paint has certainly improved the appearance of the cottages.

Mr. Ted Austin has been on the sick list for a few days but is much improved.

Mrs. Eddy and daughters, Marelline and Bernice, are visiting Mr. Eddy.

Mrs. Ada Binning is visiting her brother, Mr. Boree.

N. B. Bishop of French Corral was in Nevada City Monday.

Mrs. Patterson and Miss Rouse returned to their home in San Francisco Sunday after a visit here with their gandmother, Mrs. Bessie Nickless.

Mr. and Mrs. Billy Jacobson and two children of Oakland are spending their vacation with her father, L. Stegman of French Corral. They were Nevada City visitors Wednesday

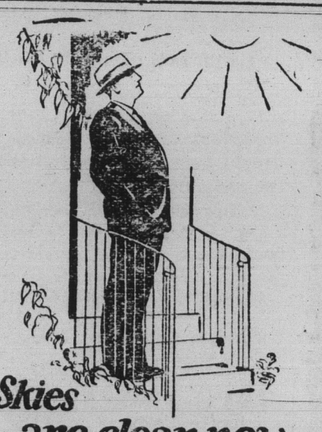
The many friends of Miss Margaret Peard will be pleased to learn that she is about again after a recent operation for removal of her tonsisl.

Mrs. R. E. Werner, Mrs. M. D. Hoff and Mrs. Charles Elliott attended a bridge party at Auburn at the home of Mrs. J. F. McGrath, Wednesday.

Francis Hogan is spending some time at Wilbur Springs.

Mr. and Mrs. W. E. Meservery of Town Talk have as guests, their son, L. W. Meservey, wife and daughter, Grace.

Mrs. A. A. Willoughby and two children returned Saturday from a two month's trip to Mendocino and Santa Cruz counties. Mrs. Willoughby attended Miss Swope's summer school at Santa Cruz while away and will take up teaching in the school at North San Juan in September.



Skies are clear now but it's a good time to think about heating equipment

Was your home comfortable last winter? Did you have clean, efficient heating with no bother or trouble?

The P G and E has a staff of men especially trained to advise you on what is good heating equipment. They recommend only gas heating equipment that is well made for long years of efficient and clean heating. This equipment gives you more comfortable heat for less money spent for fuel. Repairs to gas heating equipment are also made and guaranteed by the P G and E.

Phone or call at our office for full details.

LEGAL NOTICE

ORDINANCE No. 205

AN ORDINANCE REGULATING TRAVEL OVER AND UPON THE PUBLIC STREETS AND BRIDGES OF THE CITY OF NEVADA.

The Council of the City of Nevada do ordain as follows:

WHEREAS, the safety of the public and the preservation of the bridges of the City of Nevada from threatened injury and destruction by the operation thereon and thereover of heavy and overloaded vehicles:

NOW, THEREFORE, it is ordained as follows, to wit:

SECTION 1. Definitions: Unless it appears from the context that a different meaning is intended, the following words shall have the meanings given by this section and shall be construed as follows:

(a) "Persons" shall include any individual, copartnership, association corporation, company, firm or other aggregation of individuals.

(b) "Motor vehicle" shall include all vehicles, with or without trailers, propelled otherwise than by muscular power, except such vehicles as run upon stationary rails or tracks.

(c) "Public streets" shall include bridges when the latter are a part of the highway.

(d) "Owner" shall include any person owning a motor vehicle or other vehicle, or having the use thereof under lease or otherwise, or operating the vehicle by employment or permission of the person claiming to own the same.

SECTION 2. It shall be unlawful for any person, as owner or otherwise, to drive. operate, haul or move, or cause to be driven, operated, hauled or moved any vehicle drawn or moved by the use of horses, mules or other animals over or upon the Gault or Pine street bridge, situate on Pine street, in the City of Nevada, the weight of which vehicle and trailer, if any, including the animals by which the vehicle is moved, and including the weight or load thereon, shall exceed three (3) tons.

SECTION 3. It shall be unlawful for any person, as owner or otherwise, to drive, operate, propel or move, or cause to be driven, operated, propelled or moved over, upon or across said Gault or Pine street bridge, any motor vehicle, with or without a trailer, the weight of which motor vehicle and trailer, if any, including the weight or load thereon, shall exceed three (3) tons.

SECTION 4. It shall be unlawful for any person, as owner or otherwise, to drive, operate, haul or move, or cause to be driven, operated, hauled or moved any vehicle drawn or moved by the use of horses, mules or other animals over or upon the Main street bridge, situate at the foot of Main street in the City of Nevada, the weight of which vehicle and trailer, if any, including the animals by which the vehicle is moved, and including the weight or load thereon, shall exceed seven (7) tons.

SECTION 5. It shall be unlawful for any person, as owner or otherwise, to drive, operate, propel or move, or cause to be driven, operated, propelled or moved over, upon or across said Main street bridge, any motor vehicle, with or without a trailer, the weight of which motor vehicle and trailer, if any, including the weight or load thereon shall exceed seven (7) tons.

SECTION 6. Any person who shall violate any of the provisions of Sections 2, 3, 4 or 5 of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine not exceeding three hundred dollars, or by imprisonment in the city jail not exceeding three months or by both such fine and imprisonment. Each day's violation by any person of the provisions of Section 2, 3, 4 or 5 of this ordinance shall constitute a separate and distinct offense.

SECTION 7. The violation of this ordinance may be prosecuted by the authorities of the City of Nevada as a misdemeanor, in the name of the people of the State of California, or may be redressed by civil action, at the option of the authorities of said city.

SECTION 8. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 9. This ordinance shall be published at least once in the Nevada City Nugget, a newspaper of general circulation, published and circulated in the City of Nevada, and shall be effective upon the completion of the first publication.

The foregoing ordinance was enacted by the Council of the City of Nevada, at a regular meeting of the board held this 26th day of July 1928, and was passed by the following vote:

Aye—Trustees Seaman, Murchie and Armstrong.

Nay—Trustees, None.

Absent—Trustees Holmes and Bennetts.

A. SEAMAN.
President pro tem of the Board of Trustees and acting Mayor of the City of Nevada.

Attest: GEORGE H. CALANAN,
(SEAL) City Clerk.

First Publication—July 30, 1928.

Mrs. H. L. Thomas of French Corral was in our city early in the week.

Dr. and Mrs. R. E. Werner and Miss Iris Murchie were Sunday visitors in Sacramento.

Mrs. J. M. Pianezzi is home after a visit in Sacramento with her son, Raymond and daughter, Mrs. Will Twitchell.

Roy Kimball, mining man of the Middle Yuba section, was a visitor in our city this week.

Muller Chapman left for Sacramento this week after a visit here with his parents, Dr. and Mrs. C. W. Chapman.

NEIGHBORS AT HOME AND ABROAD!

By TELEPHONE business men talk *"as if across the desk"* to men on the other side of the continent and over the Atlantic Ocean—

women converse from their own homes with friends or relatives nearby and in distant places—

the traveler keeps in touch with home and business and makes advance arrangements—

THESE ever increasing uses attest the value and dependability of your telephone service that has long since made America a nation of neighbors and now draws closer even the bonds of international commerce and good will.

Examples of rates are shown in the front of any telephone directory along with information of benefit to every user. Especially attractive are the evening and night rates. The long distance operator will gladly give you any rate not listed.
